About TAN Prints

About TAN Prints

From Leaf to Lexicon and more...

At Tan Prints we have been carrying out specialized printing jobs since 1980 in our beautifully landscaped facility spread over 10,000 sq. mtrs. We have sophisticated facilities under one roof for doing everything from Printing, Binding, Digital Conversion, Data Entry, Software & Website designing, Proof-reading to Dispatch.

Tan Prints is also in the field of Book consolidation. We supply Indian/International books by eminent authors meant for Universities/libraries in India & all across Africa.

Quality Management and cost effective handling of resources enables us to provide service to our customers on optimal competitive terms. Success of our mission lies in the rare expertise and dedication of our staff of about 300 professionally-oriented highly motivated individuals.

Digital Formatting of Data

Tan Prints converts data to a platform-neutral, electronic format like XML that is suitable for importing into a data repository. We develop data structures and create databases for Access, SQL Server and Oracle, including indexes, triggers and stored procedures. We specialize in data base management.

For data that exists only in printed form, we have document converting solutions and experts for documents and images scanning for conversion of these into digital format. We maintain an editorial staff for manual data entry, proof-reading, sense-reading and editing for ensuring accurate data, its entry and processing through following unique procedures :

- ◆ High Volume document scanning with de-skewing and de-speckling and PDF conversion.
- ◆ OCR/Key entry/Word processing.
- ◆ Form Processing.
- ◆ Imaging and indexing for archival systems.
- ◆ Web Research and Content Development.
- ◆ Form Processing and Data Capture.
- ◆ XML, SGML, HTML, conversion.

Offset Printing

Book Binding and Finishing

Book Binding and Finishing

Post press operations are taken up with equal efficiency at Tan Prints. We have services like Centre/Side Stitching, Section Sewing, Perfect Binding & Hard Case Binding. We handle them on Automatic Folding Machines, Aster Automatic Sewing Machine, 12 Station Online Gathering and 3 knife trimmers. Tan Prints has 3 perfect binders of 6 clamps and 4 clamps, respectively, for timely production.

Screen Printing, UV Printing, Leaf Printing, Lamination thermal treatment are other services that we cater for our esteemed clients. We have 2 back up Gensets to meet the deadlines.

Soft Case & Hard Case Binding

We can produce 60,000 Paperback books per day on our Perfect Binding Machines & 50,000 copies of side/centre stitched per day. We are equally at ease with hard case binding along with printing of diaries, calendars and annual reports with a rare flourish.

Quality control

Our quality control section ensures the quality and quantity of the production before we bring them on stands or ship them. We take extra care in packing while shipment. We employ automatic shrink-wrapping, stretch-wrapping machine, quality tested cardboard boxes, etc., for packing in style.

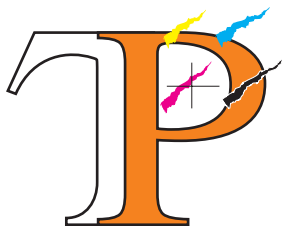

Marketing and Distribution

Tan Prints has a network of 30 representatives and 25 distributors all over India, Asia, Africa & Middle East. We can distribute your books as per your instructions. Our marketing and customer service representatives serve as link between customers and job process at Tan Prints. In brief, they play the role of customer's representative in the organization.

Software Development & Web Designing

At Tan Prints we have a team of dedicated experts for development of customized software & web designing. We have hired 50 trained personnel to handle jobs for our customers entire satisfaction.

- We handle Web Designing & hosting of Web Pages.
- E-book and E-pub designing & hosting.
- Customized Software Development.
- Conversion of Data and images of In-design and quark files.
